A BESPOKE SERVICE

Turn that creative vision into a reality with Waxman Architectural.

With a rich heritage over many years, Waxman Architectural has established itself as a leader in the pool sector.

We understand that every project is unique and searching for a perfect tile may be a daunting task. This is why we offer our customers a bespoke service to simplify your tile selection process, find those hard to find tiles and bring your beautiful designs to life.

Our dedicated team of experts are here to make your tile choice a smooth process. Contact us today for a bespoke service for your design needs.

Pietra Di Lavagna - Perla

ETCHING / PAINTING

Advanced etching and painting technologies enable partners to work with diverse materials, fostering creativity for architects and designers to craft bespoke pieces, signage, images, and logos.

WATER EDGE CUTTING

Water Jet Cutting utilizes high-pressure water, sometimes mixed with abrasives, to precisely cut through a variety of materials, offering clean cuts conducive to intricate designs with tight tolerances.

STEPS & RISER FABRICATION

We collaborate with partners specialising in various fabrication and templating methods to create even the most challenging designs, ensuring your vision comes to fruition seamlessly.

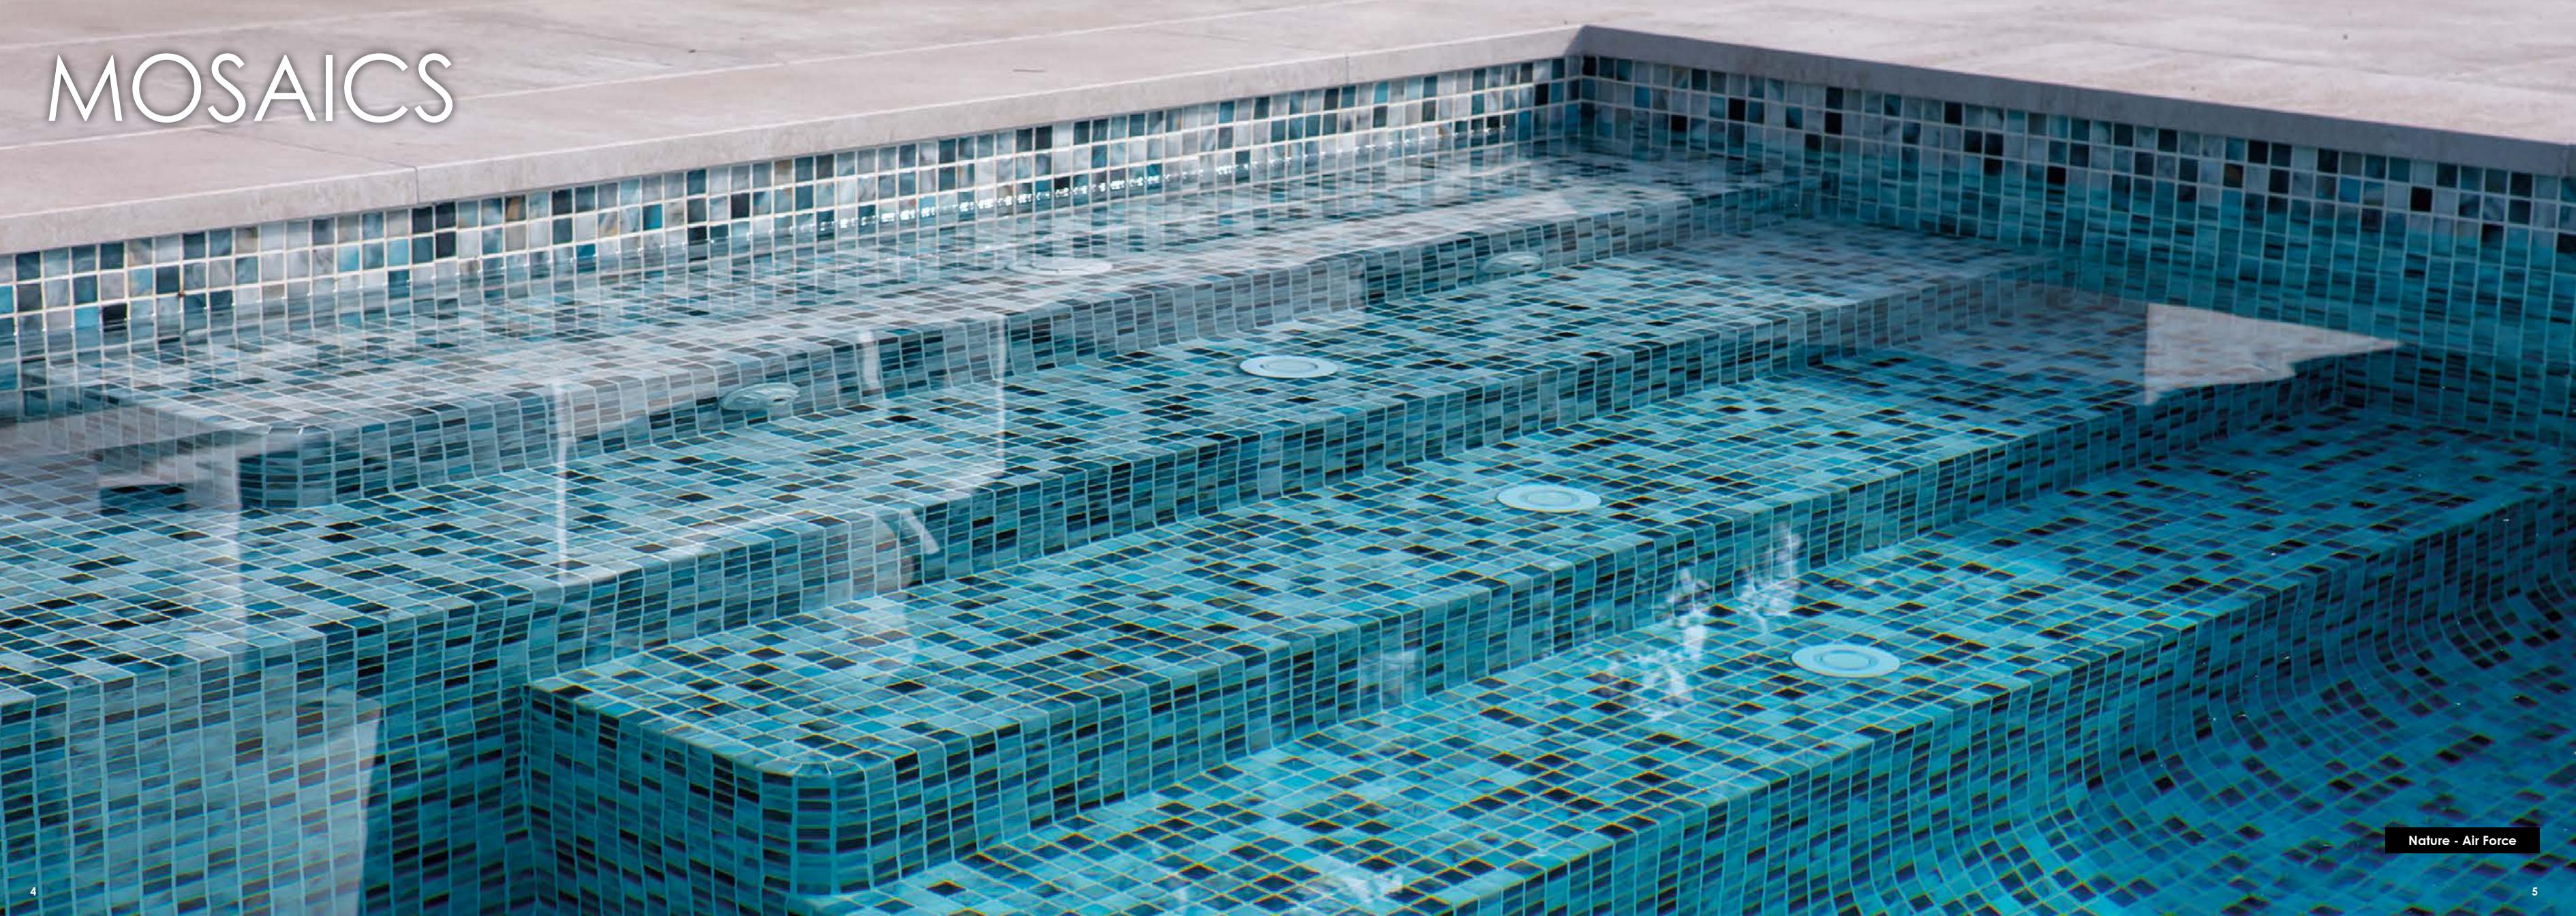

BULLNOSING, PROFILES & POLISHING

Over time, our partners have perfected bullnose profile creation using handheld and industrial tools, delivering a diverse array of edge shapes, from straight lines to sweeping curves, tailored to meet your project's requirements.

SLABS

We partner with leading ceramic manufacturers who pave the way with high-performance sustainable surfaces.

Large-format porcelain slabs continue to be the driving force for innovation in the ceramic industry; through original design and creativity, offering near seamless continuity of finish.

Slabs are an excellent choice to incorporate within your pool project, adding the wow factor alongside both aesthetic appeal and practical benefits.

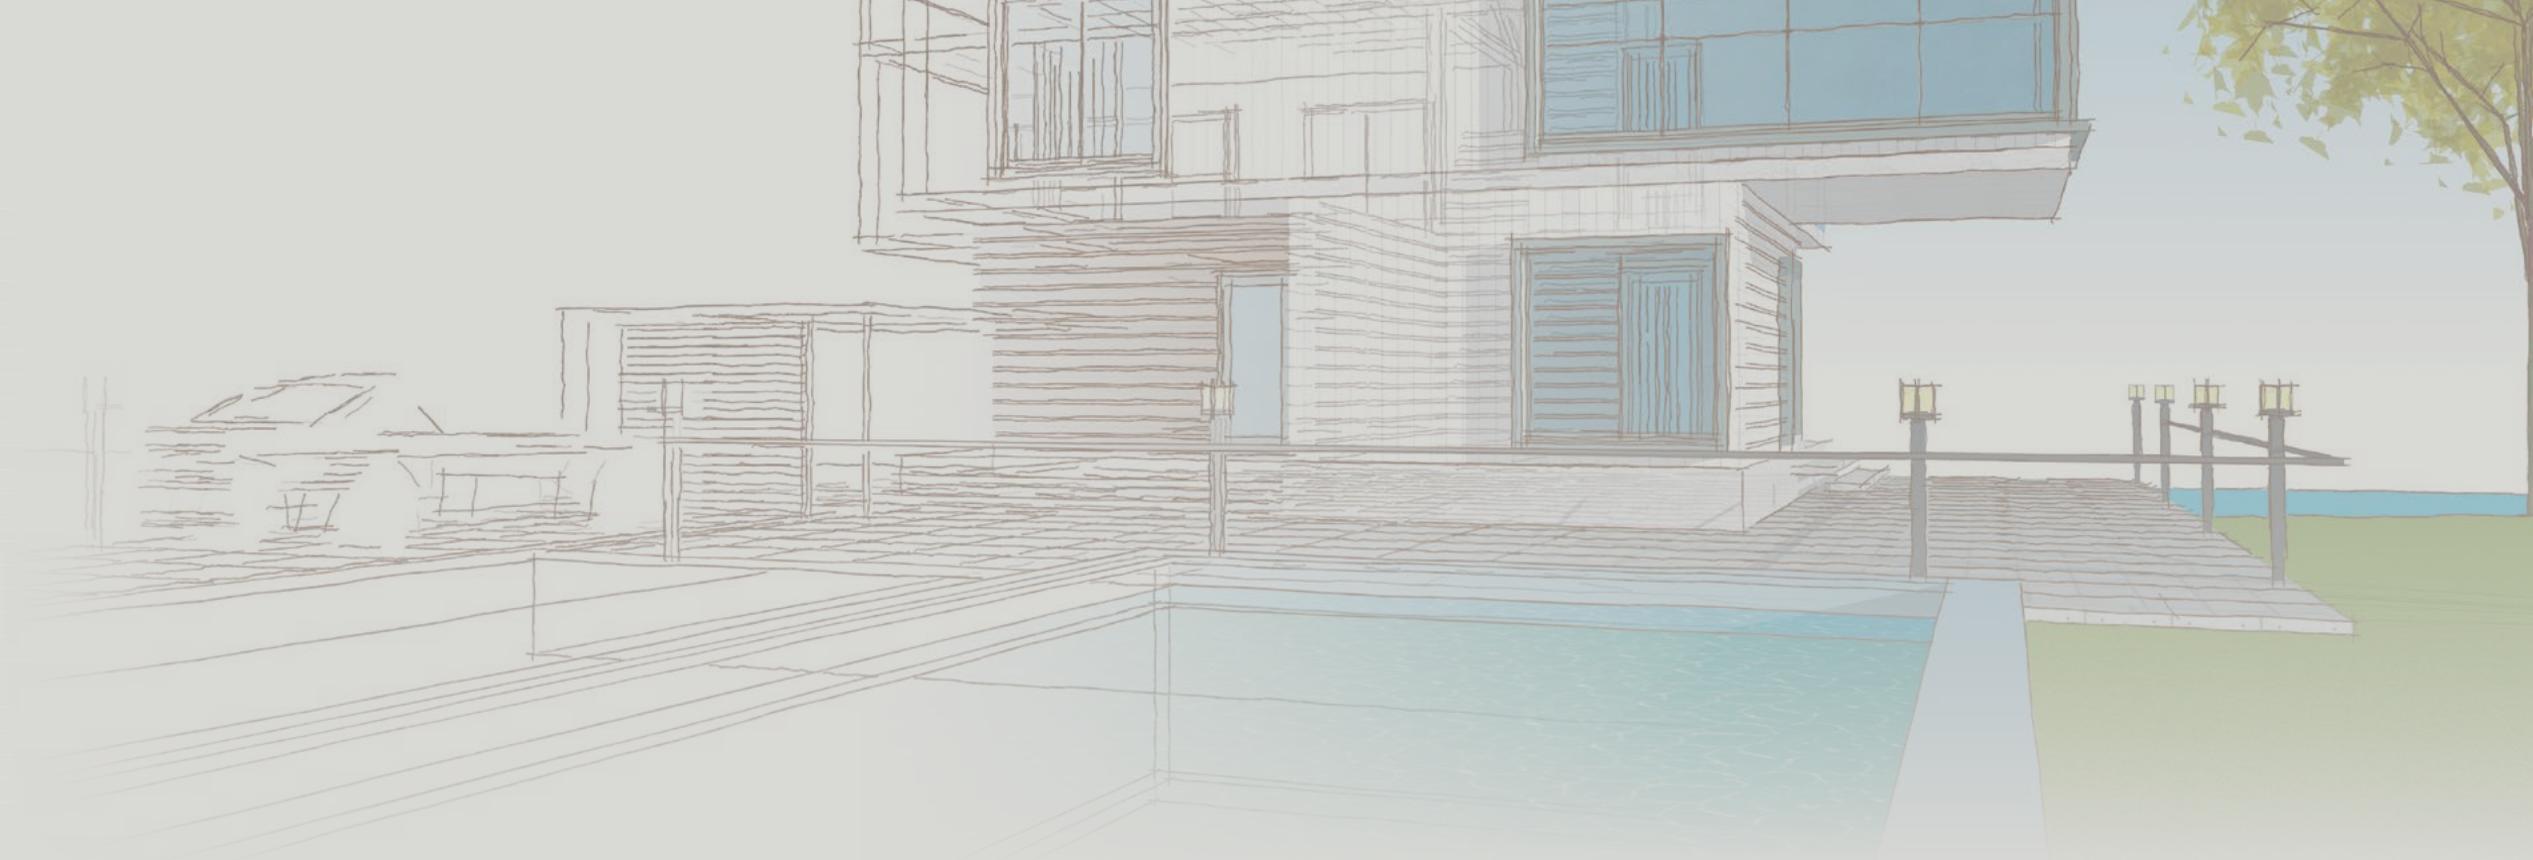

If you'd like to discuss any specific requirements for your project, then please get in touch and one of our team will be more than happy to assist you with this.

SPECIAL PIECES

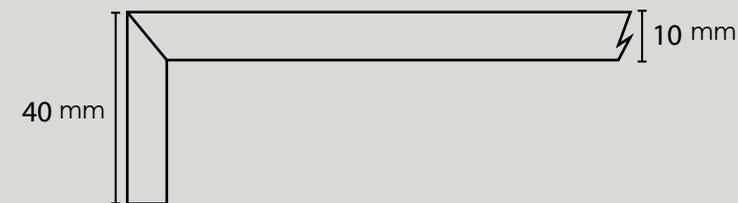

A selection of stair edge profiles designed to complement a selection of our tile ranges. Available in mitred or rounded finishes, with options for dropdowns and anti-slip grooves, these profiles provide a durable, safe, and visually seamless transition between tread and riser.

We work with you to ensure that your requirements are met with technical solutions that work for your project.

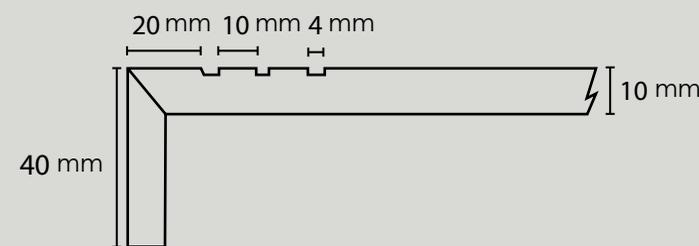

Contact us today to take your project to another level.

MITRED EDGE

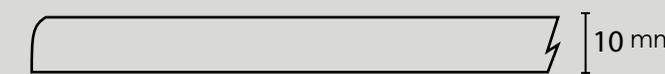

Mitred Edge Stair Tread with 40 mm Dropdown
Stair tread with a mitred front edge and 40 mm vertical dropdown. Provides a sharp, continuous edge profile, aligning seamlessly with the riser for a clean, contemporary finish.

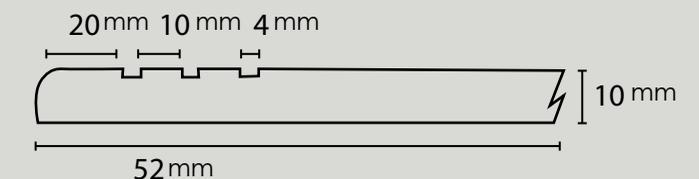

Mitred Edge Stair Tread with 40 mm Dropdown and 3 Anti-Slip Grooves
Mitred-edge stair tread with 40 mm dropdown and three integrated anti-slip grooves. Combines precise detailing with enhanced slip resistance for high-traffic areas.

ROUND EDGE

Round Edge Stair Tread
Stair tread with a rounded front edge, offering a smooth, durable edge profile. Delivers a softer visual transition while maintaining performance and longevity.

Round Edge Stair Tread with 3 Anti-Slip Grooves
Rounded-edge stair tread with three precision-cut anti-slip grooves. Provides a balance of safety and refined detailing, suitable for both commercial and residential applications.

FREE roller & scrim tape
in every box
Suitable for internal wet areas
and swimming pools

WATERCOLOURS

Several factors vary the tone of swimming pools after installation, such as weather conditions, amount of direct sunlight, time of day, depth of the pool, colour of the grout applied and surroundings. These are key considerations to ensure your project reflects the desired aesthetic.

Fiji - Storm Matte - Direct Sunlight

Please note: The images displayed below are approximate simulations and we cannot guarantee that the colour of the water will have the exact same resemblance.

TECHNICAL

Floor Wear Rating - Guidance for use as below

1	Floors with very little traffic. No abrasion. (eg Bathrooms) 0-19
2	Floors with light traffic. Light abrasion. (eg All rooms in the house except kitchens and rooms leading directly to the outside)
3	Floors with moderate traffic. Medium abrasion. (eg All rooms in the house, entrance ways must be protected with mats)
4	Floors with heavy traffic. High abrasion. (eg All rooms in the house, restaurants and light commercial) 75+
